

The Owl and Pussycat Race for Treasure Maths Programme for Reception and KS1

This Impact in Learning maths programme takes pupils and parents through the journey of early addition and subtraction strategies, reflecting the most effective models and images for meeting the targets of the current national curriculum.

Topics covered include:

Reception;

Count and order numbers to 20, including finding one more/less, number bonds, addition strategies, estimation, subitising and problem solving.

Year 1:

Count, read and write numbers to 100, identifying one more/less, number bonds to 20, place value, addition strategies, use of mathematical symbols and problem solving.

Year 2:

Read, write, compare and recognise numbers to at least 100; count in steps of 2,3,5 and 0 and recall number bonds to 20; use greater/less than symbols; use addition and subtraction strategies to solve word problems.

Homework is provided and based around playing the Owl and Pussycat game, Solving word problems and using addition and subtraction methods effectively.
